Mission Statement

The mission of the Mercer County Fire Academy (MCFA) is to prepare Mercer County Fire & Emergency Services personnel with the knowledge and skills necessary to successfully, safely and competently contribute to fulfilling their personal and organizational duties.

Vision Statement

The Mercer County Fire Academy is committed to providing exceptional and realistic training opportunities through cost-effective innovation; by providing a staff built upon excellence, experience and professionalism; and through dedication to a high standard of customer service.

Core Values and Principles

The Mercer County Fire Academy is committed to:

Doing the Right Thing

Integrity, Trust, Respect, and Commitment

The Ideal that Everyone Must Make a Difference

Individual and organizational responsibility, accountability,
team work and collaboration

Anticipating and Meeting the Mercer County Fire Service Needs

Proactive planning, innovation, creativity, responsiveness,
and excellent customer service

CEVO IV - FIRE

A course for operators of all types of emergency vehicles. The course will deal with understanding the basic workings of the vehicles and attaining proper driving skills for both emergency and non-emergency operations. Students attending this class **MUST BRING** the appropriate emergency vehicle, small pumper, brush truck, utility vehicle or F350 or comparable or larger. Pick-up trucks and automobiles are not to be considered appropriate for this course and will not be allowed!!

Pre-Requisites: NJ State Firefighter 1 certification or NJ State Fire Police certification

Instructor(s): Michael Filandro, Past Chief, Lawrenceville Fire Co.
Richard Sanders, (ret.) Robert Wood Johnson EMS
Wayne D'Artagnan, Past Chief, Hamilton Twp. Fire Dist. # 8

Date(s): November 16, 2024

Time(s): 0830 – 1630 hours

Cost: In County - \$75.00

Out of County - \$100.00

Registration Deadline: November 8, 2024

CHALLENGES OF LITHIUM-ION BATTERIES

Lithium-Ion batteries have been the cause of numerous fires across the country. In this course, students will understand the construction, design and utilization in common products of lithium-ion batteries. This course can assist Firefighters, Command Officers, Fire Investigators and Hazmat Teams to better understand as assess the potential of the millions of cells in use.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): Ken Kandrac, Battalion Chief (ret.) North Hudson Regional Fire Rescue

Date(s): September 10, 2024

Time(s): 1830 – 2130 hours

Cost: In County - FREE

Out of County - FREE

Registration Deadline: September 4, 2024

CONFINED SPACE AWARENESS

This course is a complete awareness level training program for the discipline of Confined Space Rescue as outlined in the 2021 Edition of NFPA 1006, Standard for Technical Rescue Personnel Professional Qualifications. It is designed for all first responders who may find themselves first due at a Confined Space Rescue incident. This course is also a prerequisite for all those who wish to go on and become certified to NFPA 1006 in the discipline of Confined Space Rescue. Upon completion of this 4 hour course students will be able to properly identify the difference between permit and non-permit required confined spaces and summons the proper resources to safely mitigate an incident in these spaces. Students will also be able to identify hazards associated with confined space rescues and learn how to operate at such incidents without jeopardizing their own safety or that of their personnel. This course will review the incident command system as it applies to confined space rescue incidents so that students can effectively control the scene and manage a confined space rescue incident. Students will be introduced to both the OSHA and NFPA standard that govern their response to confined space rescue incidents. Finally, student will become familiar with the equipment used by specialized confined space rescue teams.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): Joseph Troyano, (Ret.) Battalion Chief, Hamilton Fire Department

Date(s): September 26, 2024

Time(s): 1830 – 2230 hours

Cost: In-County - \$30.00

Out of County - \$40.00

Registration Deadline: September 20, 2024

ELEVATOR OPERATIONS

This course is designed for first responders with elevators within their jurisdiction. This course will discuss the use of elevators by responders during an incident and basic occupant removal during entrapments. Students will familiarize with various types of elevators, components, rescue techniques, rescue equipment and hazard mitigation techniques.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): Dan Quigley, Training Officer, NJ Transit Police Emergency Services Unit
Mark Colon, Training Officer, NJ Transit Police Emergency Services Unit

Date(s): November 2, 2024

Time(s): 0830 – 1130 hours

Cost: In-County - \$30.00

Out of County - \$40.00

Registration Deadline: October 29, 2024

FIREFIGHTER 1

The basic firefighter course is designed to meet the requirements of NFPA 1001, Professional Qualifications for Fire Fighters and N.J.A.C. 5:73-4.3. Those who successfully complete and pass the course will be eligible to apply for a New Jersey Division of Fire Safety Fire Fighter 1 certification.

Course Coordinator: William Chyzik, Manager, Fire Academy Training & Operations

Date(s): August 5, 2024 – November 23, 2024

Time(s): Monday, Wednesday and Thursday (1830-2230 hrs) and Saturdays (0830-1630 hrs)

Cost: Mercer County Chief's Assoc. Depts. - \$225.00 - All others \$325.00

Maximum Enrollment: 25 students

Registration Deadline: July 23, 2024

FIREFIGHTER II - HYBRID

The Firefighter II program takes the student through the rest of the required NFPA 1001 knowledge and skills to attain the MINIMUM basic requirements to perform safely as an entry level firefighter under direct supervision. This program is designed to meet the requirements of the NJ Division of Fire Safety for voluntary Firefighter II testing and certification. This course comprises SESSIONS for DFS testing, ALL ARE MANDATORY. This course will be utilizing the Jones & Bartlett "Firefighter Skills" Enhanced 4th edition handbook along with Navigate 2 online. This program requires students to complete classroom portions of this class online. Dark pants and a dark shirt are mandatory and to be worn for each session.

(**Applicants of Mercer County Fire Departments will receive a seat in the course prior to the Out of County fire departments for applications received by the deadline, providing all the proper paperwork is received. Out of County applicants will receive a seat based on availability and the order in which it was received)

Pre-Requisites: (1) NJ State Firefighter 1 certification (attach copy to registration)

(2) NJ State ICS 200 certificate (attach copy to registration). If you do not have then you must attend the ICS-200 class on Aug 24 & 27, 2024

(3) SCBA Fit-Test (attach a copy to registration)

Course Coordinator: Joseph Troyano, (Ret.) Battalion Chief, Hamilton Fire Department

Date(s): August 29, 2024 – October 17, 2024

Time(s): Tuesday and Thursday (1830-2230 hrs) and Saturdays (0830-1630 hrs)

Cost: In-County - \$225.00

Out of County - \$325.00

Maximum Enrollment: 16 students

Registration Deadline: August 16, 2024

FIRE INSTRUCTOR 1

Approved by the NJDFS for NJ Fire Instructor 1 curriculum, this program utilizes the IFSTA Fire and Emergency Services Instructor as the primary textbook. This program is designed to prepare Fire and Emergency Service Instructors, as defined in NFPA 1041, Standard for the Fire Service Instructor Professional Qualifications, 2002 edition. Successful completion of the program grants the student the eligibility to take the NJDFS Fire Instructor 1 certification exam to be given at the Mercer County Fire Academy. **The text book is PROVIDED by the Academy for each student.**

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): William Chyzik, Manager, Fire Academy Training & Operations

Date(s): **October 7, 9, 12, 14, 16, 21, 23, 26, 2024**

Time(s): 0830-1630 hours (Saturday) / 1830-2230 hours (Monday and Wednesday)

Cost: In-County - \$225.00

Out of County - \$235.00

Maximum Enrollment: 16 students

Registration Deadline: September 30, 2024

HAZARDOUS MATERIALS AWARENESS

This course will explain what hazardous material incidents are, as well as giving the students skills to detect the presence of hazardous materials. The instruction includes an overview of how incidents are classified into levels and on introductions to the Incident Command System. Also covered are the roles and notification requirements of municipal, county and state organizations. This level will serve as a prerequisite to all other levels offered in the series. There will be Skill Testing along with a State Hazmat Awareness Exam.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor: G. Michael Loh III, Deputy Chief, Bristol Myers Squibb Fire

Date(s): **August 19 and August 21, 2024**

Time(s): 1830 – 2230 hours

Cost: In County - \$30.00

Out of County - \$40.00

Registration Deadline: August 9, 2024

HAZMAT - INCIDENT COMMANDER

This 24 hour course is designed to train personnel who may assume control of a Hazardous Materials Incident beyond the First Responder Awareness Level. The program will include controlling site operations, identifying hazards, ensuring personal protective clothing and personal protective equipment be made available to or worn by responders, knowledge of hazards and risks associated with chemical protective clothing and understanding the importance of decontamination.

Pre-Requisites: NJ State Firefighter 1 certification, IMS Level 2, Hazmat Awareness, Hazmat Operations - (***Must provide copies of each with registration**)

Instructor(s): G. Michael Loh III, Deputy Chief, Bristol Myers Squibb Fire

Date(s): December 3, 5, 10, 12, 17, 19, 2024

Time(s): 1830-2230 hours (Tuesdays and Thursdays)

Cost: In-County - \$100.00

Out of County - \$125.00

Maximum enrollment: 18 students

Registration Deadline: November 25, 2024

HAZARDOUS MATERIALS OPERATIONS

This course will be presented as a classroom lecture with the addition of hands-on skills practice. The course provides training for those personnel who have some protective equipment and other resources that would enable them to take further defensive actions at a Hazardous Materials scene. There will be Skill Testing along with a State Hazmat Operations Exam.

Pre-Requisites: Hazmat Awareness Certification and NJ State Firefighter 1 certification

Instructor(s): G. Michael Loh III, Deputy Chief, Bristol Myers Squibb Fire

Date(s): November 7, 9, 11, 13, 2024

Time(s): 0830-1630 hrs (Saturday) / 1830-2230 hrs (Monday, Wednesday and Thursday)

Cost: In-County - \$60.00

Out of County - \$85.00

Registration Deadline: October 28, 2024

ICS 200

All federal, state, territorial, tribal, private sector and non-governmental personnel at the first like supervisor, middle management and command and general staff levels of Emergency Management Operations must complete ICS-200 level training. The course focuses on the following topics and objectives: Leadership and Management, Delegation of Authority and Management by Objectives, Functional Areas and Positions, Briefings, Organizational Flexibility and Transfer of Command. After completing this course students can apply for an Incident Management Level 1 Certification obtained from the NJ Division of Fire Safety.

Pre-Requisites: NJ State Firefighter 1 certification
(Copy must be attached with registration form)

Instructor(s): Michael Filandro, Past Chief, Lawrenceville Fire Company

Date(s): August 24 and 27, 2024

Time(s): 1830-2230 hours (Tuesday), 0830-1630 hours (Saturday)

Cost: In-County - \$40.00

Out of County - \$60.00

Registration Deadline: August 20, 2024

INCIDENT SAFETY OFFICER

This 16 hour course is designated to provide the company officer with skills to function effectively as the Safety Officer at the incident scene. The primary focus shall be on developing decision making skills through the recognition of cues that affect personal safety. A specific focus on operations within the Incident Command System is maintained. Response to all hazardous situations will be emphasized.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): Charles Mull, Battalion Chief, Hamilton Fire Department

Date(s): November 5, 6, 11, 13, 2024

Time(s): 1830-2230 hours (Monday, Tuesday and Wednesday)

Cost: In-County - \$125.00

Out of County - \$150.00

Registration Deadline: October 30, 2024

PASSENGER RAIL FAMILIARIZATION AND EMERGENCY RESPONSE CONSIDERATIONS

This course is designed to provide First Responders (Police, Fire, EMS) who have Passenger Rail Service in their jurisdiction with the knowledge to safely operate at an incident involving trains or railroad property. Topics include system information, passenger train equipment and safety, railroad infrastructure safety, track and specialty equipment, and emergency response considerations. Students will also utilize knowledge gained by this course to engage in tabletop exercises, and review case studies of past emergencies.

Pre-Requisites: NJ State Firefighter 1 certification or EMT Cert. or Police Cert

Instructor(s): Mark Colon, Training Officer, NJ Transit Police Emergency Services Unit
Dan Quigley, Training Officer, NJ Transit Police Emergency Services Unit

Date(s): October 12, 2024

Time(s): 0830 – 1130 hours

Cost: In-County - FREE

Out of County - FREE

Registration Deadline: October 7, 2024

STRATEGY & TACTICS FOR MONSTER HOUSES

This program is designed to explore the unique firefighting aspects of large square footage homes, resulting in a greater awareness to the firefighter and the fire officer. Students will identify building construction characteristics and components, students will learn how to apply the traditional situation evaluation to these modern “giants”, as well as discussing appropriate strategy and tactics for a safe and effective response.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): Ken Kandrac, Battalion Chief (ret.) North Hudson Regional Fire Rescue

Date(s): October 29, 2024

Time(s): 1830 – 2130 hours

Cost: In-County - \$30.00

Out of County - \$40.00

Registration Deadline: October 23, 2024

STRATEGY & TACTICS FOR MULTI-FAMILY DWELLINGS

Multi-Family Dwellings are in all towns and pose unique challenges for firefighters. This course will review Strategy & Tactics for fires in multi-family dwellings such as townhouses, condos, apartments and attached homes. Students will gain an understanding of considerations for fire suppression, rescue, exposure protection and types of construction and their features.

Pre-Requisites: NJ State Firefighter 1 certification

Instructor(s): Ken Kandrac, Battalion Chief (ret.) North Hudson Regional Fire Rescue

Date(s): October 1, 2024

Time(s): 1830 – 2130 hours

Cost: In County - \$30.00

Out of County - \$40.00

Registration Deadline: September 25, 2024

TRAFFIC INCIDENT MANAGEMENT (TIM)

Making our roadways safer at incidents for emergency responders, motorists and crash victims is critical to everyone and is the goal of the National Traffic Incident Management Program. Effective TIM reduces the duration and impacts of traffic incidents and improves the safety of motorists, crash victims and emergency responders. The sooner incidents are detected, the sooner personnel can respond to the incident and clear it from the roadway, thereby allowing traffic lanes to re-open.

(NJDFS CEU'S – 0.25)

Instructor(s):

John Schafer, Emergency Services Specialist, Hopewell Valley Emergency Services

Mark Antozzeski, Chief (ret.), Hamilton Township Fire District # 9

Dates(s): August 15, 2024

Time(s): 1830 – 2230 hours

Cost: In County - FREE

Out of County - FREE

Registration Deadline: August 9, 2024

EMT Hybrid Course- Fall 2024

Emergency Medical Technician (EMT) Prerequisite:

All students must obtain a Health Care Provider Level CPR card prior to the start of the class and be fully vaccinated for COVID-19 including a booster or bivalent vaccine. Proof of CPR card and a COVID-19 vaccination card are required at time of registration.

Students will need to obtain a Stethoscope, B/P cuff, watch with second hand or digital and penlight for use in course.

During the Emergency Medical Technician (EMT) course, you will learn about human anatomy and physiology, pathophysiology, patient assessment techniques, management of common medical complaints, management of the trauma patient, administration of limited medications, and concerns for special patient populations. Course material will be presented through lectures, simulation labs, and clinical rotations where students will interact with patients. Successful course completion requires obtaining the minimal level of competency as outlined in the National EMS Educational Standards. After successfully completing this course, students will be eligible to sit for the National Registry EMT Certification Exam to obtain certification.

There are weekly in person lab sessions on Tuesdays & Thursdays from 6pm-9:30pm and several Saturday from 8am-4pm. There are also 2 hour online exams during the week as well as 10 chapters of intense studying required. Online assignments will be due weekly. In addition to the weekly lab sessions, students should anticipate spending a minimum of 20 hours a week completing the online learning component and reading assignments. This is a very intense class.

Attendance at all sessions and keeping up with the online content is mandatory.

Textbook is required and link will be provided by email by Course Coordinator once registered and must be purchased prior to the start of class.

Tuition: \$1,975

Orientation will take place on Tuesday, September 5th from 6:30p-8:30p. There are 20 chapters due before the first day of in-person class.

Class dates are 9/3/24 thru 12/19/24

Tuesdays, 6:00pm-9:30pm (Classroom, In-person)

Thursdays, 6:00pm-9:30pm (Classroom, In-person)

Saturdays, 8:00am-4:00pm (Classroom, In-person) 9/7, 9/28, 10/5, 10/19, 11/2, 11/16, 11/23, 12/7.

There is a minimum of 20 hours per week of online work.

10 hours of clinical requirement for hospital emergency room time.

There will be a dress code that will be discussed the first day of class or before.

***Meets at Dempster Fire Training Center, 350 Lawrence Station Rd., Lawrenceville, NJ 08648**

GENERAL INFORMATION

“The Dempster Center”

The Captain John T. Dempster Fire Service Training Center is located in central Mercer County in close proximity to the Quakerbridge Road and U.S. Route 1 area. Set in a semi-suburban area, the original mission was to provide a central training focus for the fire service community in and around Mercer County. Today, the Dempster Center has an ever-expanding role in providing training to other Emergency Services Personnel, some of whom include Emergency Medical Professionals, Law Enforcement Professionals, Hazmat Professionals and Emergency Management Professionals.

The facility is also home to Emergency Service agencies such as the Mercer County Office of Emergency Management and the Mercer County Central Communications Center. Various other groups and functions use the facility. For example: the Mercer County Improvement Authority, and the New Jersey Division of Fire Safety.

The facility consists of three (3) classrooms, one (1) central auditorium, a small library, a seminar room (small group classroom), and lunchroom area, a three (3) bay apparatus room and 450,000 square foot Training Ground. The Training Grounds are equipped with pre-staged propane simulation props, a high-rise tower with burn room, a residential building with first floor burn room and second floor Bedroom Fire Simulator, a Motor Vehicle Simulator, a drafting pond, and a special operations pad.

Directions:

From NJ Turnpike (above exit 9): Take exit 9 to Route 18 North to Route 1 South. Proceed approximately 18 miles to Quaker Bridge Road. Take Quaker Bridge Road exit. After mall, proceed 1/2 mile and turn right onto Lawrence Station Road. Training Center is on the right after approximately 3/4 mile.

From NJ Turnpike (below exit 8): Take exit 7A to Route 195 West. Follow 195 West to 295 North. Take exit for Route 1 North. Follow Route 1 North to Quaker Bridge Road. Take Quaker Bridge Road exit. After mall, proceed 1/2 mile and turn right onto Lawrence Station Road. Training Center is on the right after approximately 3/4 mile.

How to Contact Us:

Mailing Address: Mercer County Fire Academy
Captain John T. Dempster Fire Service Training Center
350 Lawrence Station Road
Lawrenceville, New Jersey 08648

Office Phone: (609) 799-3245

Facsimile: (609) 799-1549

Web Address: www.dftc.org

Class Suspensions / Weather Closings

Weather related closings of the Fire Academy will be posted on the Mercer County Fire Academy Facebook page. In addition, if the Mercer County Community College is closed due to bad weather, then the Fire Academy is also closed. Check for weather closings of the college at www.mccc.edu for information. The Fire Academy will attempt to reschedule cancelled classes and the students will be informed of the new date and time.

Holiday Schedules

As a campus of the Mercer County Community College, the Academy's Administrative Offices are subject to the holiday schedule adopted by the college. Normal business hours are 8:00 AM to 4:00 PM.

Facility Rental

The Fire Academy will rent classrooms or the auditorium to organizations for the purpose of meetings and training sessions. All inquiries and requests for rental should be directed to the Administrative Offices. All uses will be subject to the approval of the Director without exception.

Facility Use Requests

Agencies wishing to apply for the utilization of any facility at the Academy will submit a written request by utilizing the provided forms. Requests for classroom, auditorium, or interior facilities will submit a Facility Use Request Form. Requests for the outside training ground areas, training props or exterior facilities will submit a Training Ground Use Request Form. **(All facility requests will be made at least one (1) week in advance of the desired date of activity)**. Forms without complete information will be rejected. The completed forms must come with a Certificate of Liability Insurance. All facility requests are subject to the approval of the Director or the Director's designee. Agencies utilizing any facility or resource of the Dempster Fire Training Center are expected to abide by all applicable regulations without exception. The forms can be found on the web at www.dftc.org.

POLICIES & PROCEDURES

Course Registration

Students wishing to enroll in any course offered by the Dempster Center shall submit a properly completed Course Registration Form. This form can be found on the web at www.dftc.org or at the end of this catalog. Registration forms must **be clearly and completely filled out**. Submission must be prior to the start of the class. **No walk-ins will be permitted!** Payment may accompany registration, please submit payment in the form of a check, money order or Department Purchase Order (Made out to the "Mercer County Community College"). If payment is not made with registration, Departments/Agencies or individuals will be billed upon completion of the class, at which time an invoice will be generated and sent out. **(**Unless otherwise stated, the enrollment deadline is one week prior to the class start date**)**

Course Enrollment Confirmations

Course enrollment confirmations will be faxed back to the sponsoring agency as soon as they are received and approved.

Course Cancellations

If you have to cancel for some reason, you must do so at least one (1) week prior to the starting date of the class or program. All cancellations must be made through the Academy's Administrative Office during normal business hours. **(If you do not cancel as stipulated above, you will be responsible for the full registration fee)**

Dress Code

Students are reminded that they are a representative of their organization and are expected to dress accordingly.

Lecture (Classroom) Courses or Programs:

Casual but neat clothing is permitted. Hats are not to be worn while in the classroom. Students are reminded that they represent not only themselves, but also their organization.

Practical (Hands On) Courses, Programs or Evolutions:

Comfortable clothing is suggested. All loose jewelry shall be removed prior to arriving at the Dempster Center. No earrings, necklaces or bracelets shall be permitted during live fire training. Note: Medic Alert bracelets and necklaces are acceptable if properly covered. **(The Dempster Center is not responsible for personal articles that become damaged, lost or stolen)**

Pre-Requisites

Some courses may require pre-requisites. The specific requirements can be found in the course description for each course. Please make sure that you have completed the necessary pre-requisites prior to enrolling in any course. Documentation of required pre-requisites must accompany the Course Registration forms. Any student not meeting prerequisite requirements **will not** be permitted to register for the course.

Academic Requirements

Successful completion of any course will require the student to meet minimally established competencies. If applicable, students may have to obtain a minimum passing grade (usually 70%) on a written test, successfully complete practical evaluations, or satisfy stated criteria. Students will not be given credit for any unit of instruction in which they did not actively and satisfactorily participate or attend.

Attendance and Make-ups

Attendance at **ALL** classes or course sessions is **MANDATORY** to successfully complete any course. Departure before conclusion of the class will be considered an absence.

Facility Hours of Operation / Class Hours

The Dempster Center Administrative Office is open normal business days from 8:00AM to 4:00PM. Hours of operation for classroom facilities and the training grounds are by appointment only; unscheduled use of the classroom facilities or training grounds is strictly prohibited. Scheduled times for courses and training classes will be specified in the individual course description.

Protective Clothing, Protective Equipment and SCBA

The use of protective clothing and equipment is strictly enforced at the Dempster Center. All equipment and clothing shall meet all applicable OSHA and PEOSHA standards and regulations. Students are expected to provide their own equipment based upon the requirements of the course or class. Protective equipment, when necessary for class, shall be stored in the apparatus bay when not in use. No boots or turnout gear is permitted in carpeted areas of the Training Center.

Personal Grooming and Live Fire and/or SCBA Evolutions

Students with a beard or excessive facial hair shall not be permitted to participate in any courses that require the use of Self Contained Breathing Apparatus (SCBA). This includes any flammable gas or liquid evolutions. This is according to OSHA 29 CFR 1910.134, NFPA 1500 and Sec. 5-3.10 PEOSHA. Any student participating in live fire training, who has hair that extends below his or her collar, must arrange their hair so that it does not fall below the collar. Hair enclosed in an OSHA approved hood is acceptable.

Physical Qualification of Students

Due to the physical requirements of Emergency Services training and the demanding nature of Emergency Services training evolutions, any student who would pose a direct threat to the health or safety to themselves and/or to others shall not be permitted to participate in such evolutions. The aforesaid rules shall conform to the requirements of the A.D.A. Also a Doctor's approval may be required for certain courses requiring strenuous physical activity.

Liability

It is the responsibility of each organization that uses the Fire Academy to provide a Certificate of Liability Insurance from their insurance company prior to any class or training evolution. The Certificate of Liability Insurance must provide the following: Liability Insurance amount; The County of Mercer and the Mercer County Community College shall be named as an additional insured; The Certificate of Insurance holder shall be the Mercer County Fire Academy.

Student Conduct

Students shall be courteous and disciplined. Proper decorum shall be observed at all times toward fellow students, Fire Academy staff, MCCC staff, and Instructors from other agencies. Students will be responsible for maintaining all books, equipment, apparatus and buildings made available for their use. The following is **prohibited**: abusive, profane or obscene language or behavior; horseplay or any disturbance during class; any form of gambling; sexual harassment; possession or introduction of any intoxicants; or reporting to class under the influence of intoxicants, fighting, stealing, cheating on quizzes or exams. Students are also

expected to refrain from disturbing all other training sessions or evolutions. Anyone who exhibits the aforementioned will be expelled from the Fire Academy and its property. Books, papers, equipment or other materials on the instructor's desk, podium or chalkboard are for the use of the Academy Staff ONLY.

Snack Area

The Dempster Center does provide a small snack area with snack food and beverage vending machines and fixed seating for such items. All such items **are not** permitted in the classrooms.

Smoking

Smoking or the use of chewing tobacco is not permitted anywhere within the buildings or on the actual training grounds. Smoking is only permitted in outside areas where appropriate smoking material refuse containers are provided. All discarded smoking materials will be placed in the provided containers (not on the ground) without exception.

Trash/Recyclables

Students are expected to place all trash in the provided receptacles. The Dempster Center does participate in a recycling program. All cans and bottles are to be placed in the yellow recycling containers.

Restrooms

Men and women's restrooms are located in the Administration Building, adjacent from "Classroom B" and the "Snack Room". Restrooms are also located on the first floor of the Control Building on the training grounds (which are to be used during training ground evolutions).

Pagers / Cellular Phones / Radios / Personal Organizers / Personal Computers, Etc.

All pagers and cellular phones will have silent features enabled or be shut off during training sessions. Radios will not be permitted to remain on during training sessions. Personal organizers and personal computers will not be used unless in conjunction with the training session. The student will not utilize any item that causes the disruption of any training session or evolution. Students who become a nuisance to the Instructor and other students will be asked to leave the session or evolution.

Exception: Crews with apparatus and Chief Officers that are "in-service" for an immediate emergency response from the Training Center are permitted to leave radio and paging equipment on provided that the volume is kept as low as reasonably possible and the Instructor is notified at the beginning of the class of the possibility of departure.

Facility Parking

Facility parking is located in front of the main entrance to the Dempster Fire Training Center. Additionally, the posted designation of parking areas for Fire Academy Staff, OEM Staff and Communications Staff will be observed at all times. Any vehicle not properly parked may be towed at the owner's expense.

****NO PERSONAL VEHICLES ARE PERMITTED ON THE TRAINING GROUNDS
AT ANY TIME, THERE ARE NO EXCEPTIONS****

Mercer County Fire Academy

Field Delivery Program

Overview

The Field Delivery Program (previously Drill Maintenance Program) was originally developed to assist area Fire Departments meet their training needs but at the same time not put additional burdens on the department officers. Drills involving lectures only will be given at the department's fire station. All live burn training will be conducted at the Fire Academy. Other hands on training not involving live burns may be given at the Fire Academy or a site in the department's fire district, which ever meets the course regulatory and safety requirements. *(Courses in this catalog **WILL NOT** be part of the Field Delivery Program).*

Procedures

Departments wishing to participate in the Field Delivery program should notify William Chyzik, Manager, Fire Academy, Training & Operations at (609) 799-3245 or chyzikw@mccc.edu of their intent to participate by submitting a "Field Delivery Course Application".

The Academy will then contact the participating department to discuss needs and delivery options and scheduling. Remember, departments may schedule as few or as many drill modules as they desire. The scheduling of modules is usually flexible enough that program could be offered daytime, evening or weekends. The Fire Academy requests two weeks' notice to be able to properly prepare all classes and paperwork.

Record keeping

Records of the program, both content and attendees will be kept by the Academy.

Cost

The cost of this program will vary depending on the drill modules selected by the participating company/department.

MCCC FIRE SCIENCE TECHNOLOGY PROGRAM

Fire Science Technology *Associate in Applied Science Degree*

The associate degree program in Fire Science Technology is designed to meet the needs of individuals entering the fields of fire fighting and fire prevention and to provide opportunities for professional and volunteer fire service personnel to advance their knowledge and skills.

Students pursuing programs in fire science should be aware that various municipal and industrial fire service agencies establish physical, mental, and character requirements. Persons interested in this option are advised to gain an awareness of the specific requirements for their desired work setting.

Since the degree program is designed to meet the needs of the part-time student, the program will normally take a minimum of three years to complete. All fire science courses are offered during the day and evening.

Mercer graduates are employed by city, state, and federal departments dedicated to the fire services field.

Agreements have been made to facilitate transfer to fire science programs at John Jay College of Criminal Justice, Holy Family College, New Jersey City University, University of Maryland-University College, City University of New York and Thomas A. Edison State College. Students interested in transferring to these institutions should contact the program advisor early in their course work at Mercer.

Admission requires a high school diploma or equivalent and competency in English and mathematics as demonstrated by placement testing.

The Fire Science courses offered by Mercer County Community College are held at the Dempster Fire Training Academy. In addition to an Associate Degree Program. More information may be obtained by contacting James McCann, Fire Academy Director or the Community College.

Email: mccannj@mccc.edu or by calling (609) 799-3245
