

Ewing Twp. Fire Dept. - Station 30's Post

Ewing Twp. Fire Dept. - Station 30 is at Dempster Fire Academy.

14h · Trenton, NJ · 🌐

Last week, all platoons from the Ewing Township Fire Department completed intensive VEIS training at the Mercer County Fire Academy.

VEIS: Vent, Enter, Isolate, Search. This is a critical firefighter rescue tactic focused on rapidly locating and removing victims from dangerous fire conditions while improving safety and survivability.

This hands-on training challenged our members through realistic scenarios designed to sharpen decision-making, communication, coordination, and search techniques under pressure. Continuous training like this ensures our firefighters remain prepared to protect the residents and visitors of Ewing Township when seconds matter most.

A huge thank you to the instructors and staff at the academy for providing another outstanding learning experience. Training never stops! Being prepared saves lives!
